

Copies of the publications listed under "A. Printed Publications" for which prices are shown are obtainable by purchase direct from the Government Printer, Canberra and the Commonwealth Sub-Treasury in each capital city; or they may be ordered through the leading booksellers in the principal cities of Australia. A limited number of copies of these publications are available from the Commonwealth Statistician for free distribution to members of Parliament, Commonwealth and State Government Departments, public bodies and publicists, etc..

Copies of the "Monthly Review of Business Statistics", "Occupation Survey, 1945", "Survey of Motor Vehicles, 1947-48", "Report of Proceedings of the Conference of British Commonwealth Statisticians, 1951" and the Mimeographed Statements listed under "B" may be obtained on application to the Commonwealth Statistician.

The "Australian Mineral Industry (Quarterly Review and Statistics)" is prepared jointly by the Bureau of Mineral Resources and the Commonwealth Bureau of Census and Statistics. Copies are available from the Department of National Development in each capital city.

Further issues of periodical publications and additional parts of the Census, 1954 are being prepared. It may be desirable to mention that much of the material contained in Printed Publications is considerably advanced in the Mimeographed Statements. In addition, the "Quarterly Summary of Australian Statistics" and the "Monthly Review of Business Statistics" (both printed) contain, in summary form, many statistics which appear at a later date in the annual printed publications.

The prices quoted for printed publications include postage within the British Empire - prices for foreign countries are in some instances slightly higher.

LIST OF PUBLICATIONS : NOVEMBER, 1955.
